### **Advocacy Initiatives at Institute on Medicine as a Profession (IMAP)**

IMAP currently supports two initiatives designed to support the growth of advocacy in medicine. Our Education and Training initiative supports the growth of advocacy within institutions, while the Merit Award program supports individual physicians. In concert, these two programs will help create a tipping point where advocacy is normalized in the profession, and legitimized within the academy. Please visit: <http://www.imapny.org/advocacy/>.

### **VCOM Graduation**

144 graduates became physicians at Virginia College of Osteopathic Medicine on Saturday, June 7, 2008.
